

**Directorate of Education, GNCT of Delhi**  
**Annual Examination Practice Question Paper**  
**(Session-2025 -26)**

**Class: V**

**Subject: Environmental Studies (EVS)**

**Duration: 2 hours**

**Maximum Marks: 50**

---

**General Instructions:**

- 1. All questions are compulsory.**
  - 2. There are three sections viz. Section -A, section- B and Section-C.**
  - 3. The number of marks carried by each question is indicated against it.**
- 

**Section-A**

- 1. Read the following conversation and tick the correct answer of the given questions**  
**(2×5=10)**

**Abraham :** Uncle, from where do we get petrol and diesel?

**Uncle** (who works at the petrol pump) : From deep, deep down under the ground.

**Manju :** But how does it get made there?

**Uncle:** It is formed naturally, but very slowly. It is not made by a human being or a machine.

**Abraham :** Then we don't need to buy it. We can take it out ourselves using a borewell, like we pump out water!

**Uncle :** No Abraham, it is a very dangerous and hectic process. Petrol is not found everywhere, but only at a few places in our country. We need big machines to pump it out and clean it.

**i. According to Uncle, from where do we get petrol and diesel?**

- |                               |                   |
